

Emanuel's Lutheran Church & Day School

Evangelical Lutheran Church in America

Dear Future Donor,

The Eggapalooza All Abilities Egg Hunt was born out of a passionate desire to welcome children and families, of all abilities, to come together to celebrate our community with the joy of the Easter season. We are committed to creating an inclusive environment where every child, regardless of their physical or developmental challenges, can fully participate in the festivities. Your support will have a significant impact on our event's success. Donations will be used to provide specialized accommodation for all our egg hunters who need them, such as adaptive egg-hunting tools and spaces, sensory-friendly guides across the field, and of course the Easter eggs that include both candy and toys. These adaptations ensure that all children can enjoy the thrill of hunting for Easter eggs and participating in the fun-filled activities we have planned.

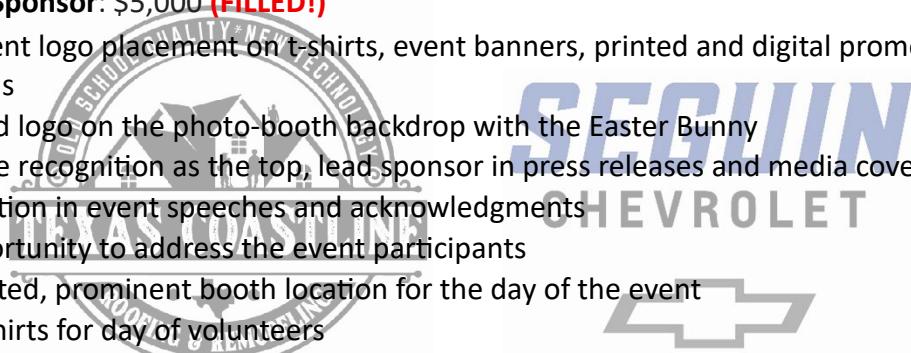

At our first Eggapalooza in 2023, we were able to welcome over 650 children across our five age groups. This past year, that number swelled to over 1,500 children from across our area. And this year, our fourth annual event, we are expecting that number to swell to over 2,000! We will have 40,000 eggs, a record for sure in our central Texas area, to be hunted and special gift eggs within each group of participants. In the spirit of inclusivity, and for our fourth year in a row, half of our eggs will come from Sunny Bunny Easter Eggs out of Springfield, Missouri, a company that has provided "...meaningful employment to people with disabilities since 1966. It currently serves over 230 adults at its 75,000 sq ft facility..."

We are excited to host our **fourth annual** all-abilities Easter egg hunt back at Texas Lutheran University's Bulldog Stadium, alongside our powerful founding partners, The Believe It Foundation and the Luther House Community Center, on **Saturday, March 28, 2026**, and we are seeking your generous contribution to make this event a memorable and accessible experience for all.
